504 PLANS

CLEAR DOCUMENTATION FOR STUDENT ACCOMMODATIONS

With your documentation and parent communications in one place, it's easy for all of a student's educators to access, understand, and apply the accommodations needed.

504 Plans can be created quickly and accurately, thanks to data integrated from your Student Information System. A guided interface walks educators through each step of the 504 Plan creation, so every requirement is fulfilled.

PLANS ALIGNED TO THE LAW

Fields and prompts that correspond to Section 504 of the Rehabilitation Act ensure you're always in compliance.

CLEAR PAPER TRAIL

All the documentation you need for students' written notices, eligibility, and history are right in the application.
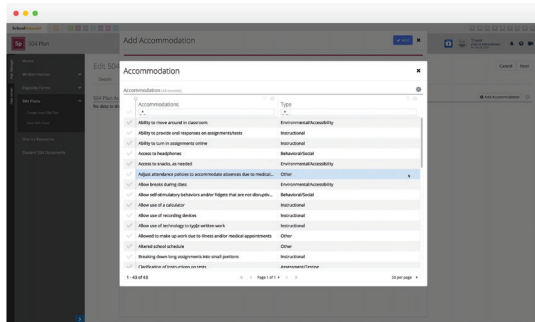

COORDINATED RESPONSE

Educators can easily find and review 504 Plans for students in their classes.

CLEAR STUDENT LEARNING HURDLES

MAKE IT EASIER TO SET STUDENTS UP FOR SUCCESS
## WITH PERSONALIZED PLANS, CREATED QUICKLY

Disabilities don't have to hold students back. The 504 Plans application enables easier coordination with parents and staff to create individualized plans that empower students.

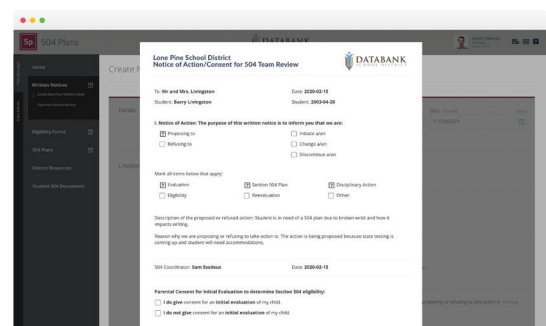

Create a plan in minutes, using a preset list of accommodations. Flexible fields for notes allow you to address a student's special circumstances.

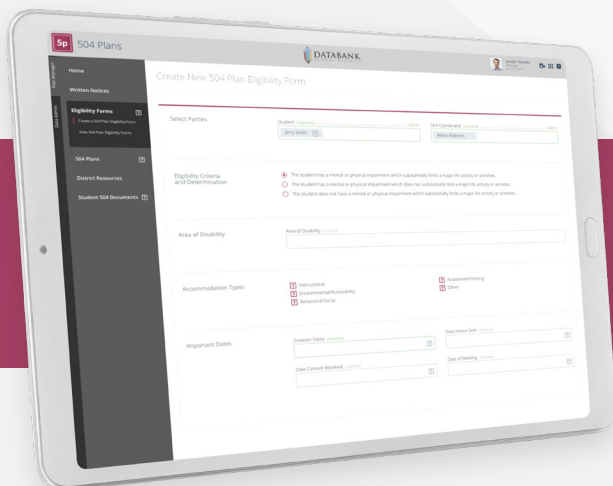

Fail-safes are built in to ensure your plans — and students — meet the requirements of Section 504.

Link the law, district policies, and other resources directly from the application for easy reference.

Produce official, branded reports for your parents, educators, or state reporting needs.

Create and manage all your 504 documentation, from the prior written notice to the re-evaluation.
