HIGHLY CAPABLE
STUDENT LEARNING PLANS

The application helps educators of the gifted and talented to:

Create and
Manage Plans

Disseminate
Information

Monitor Progress

Identify
Candidates

Vet and
Select Students

Involve and
Empower Students

COMPLIANCE PREPAREDNESS

The Washington Legislature and OSPI are considering an increase in gifted and talented allocation, from 5% to 10% of the student population.
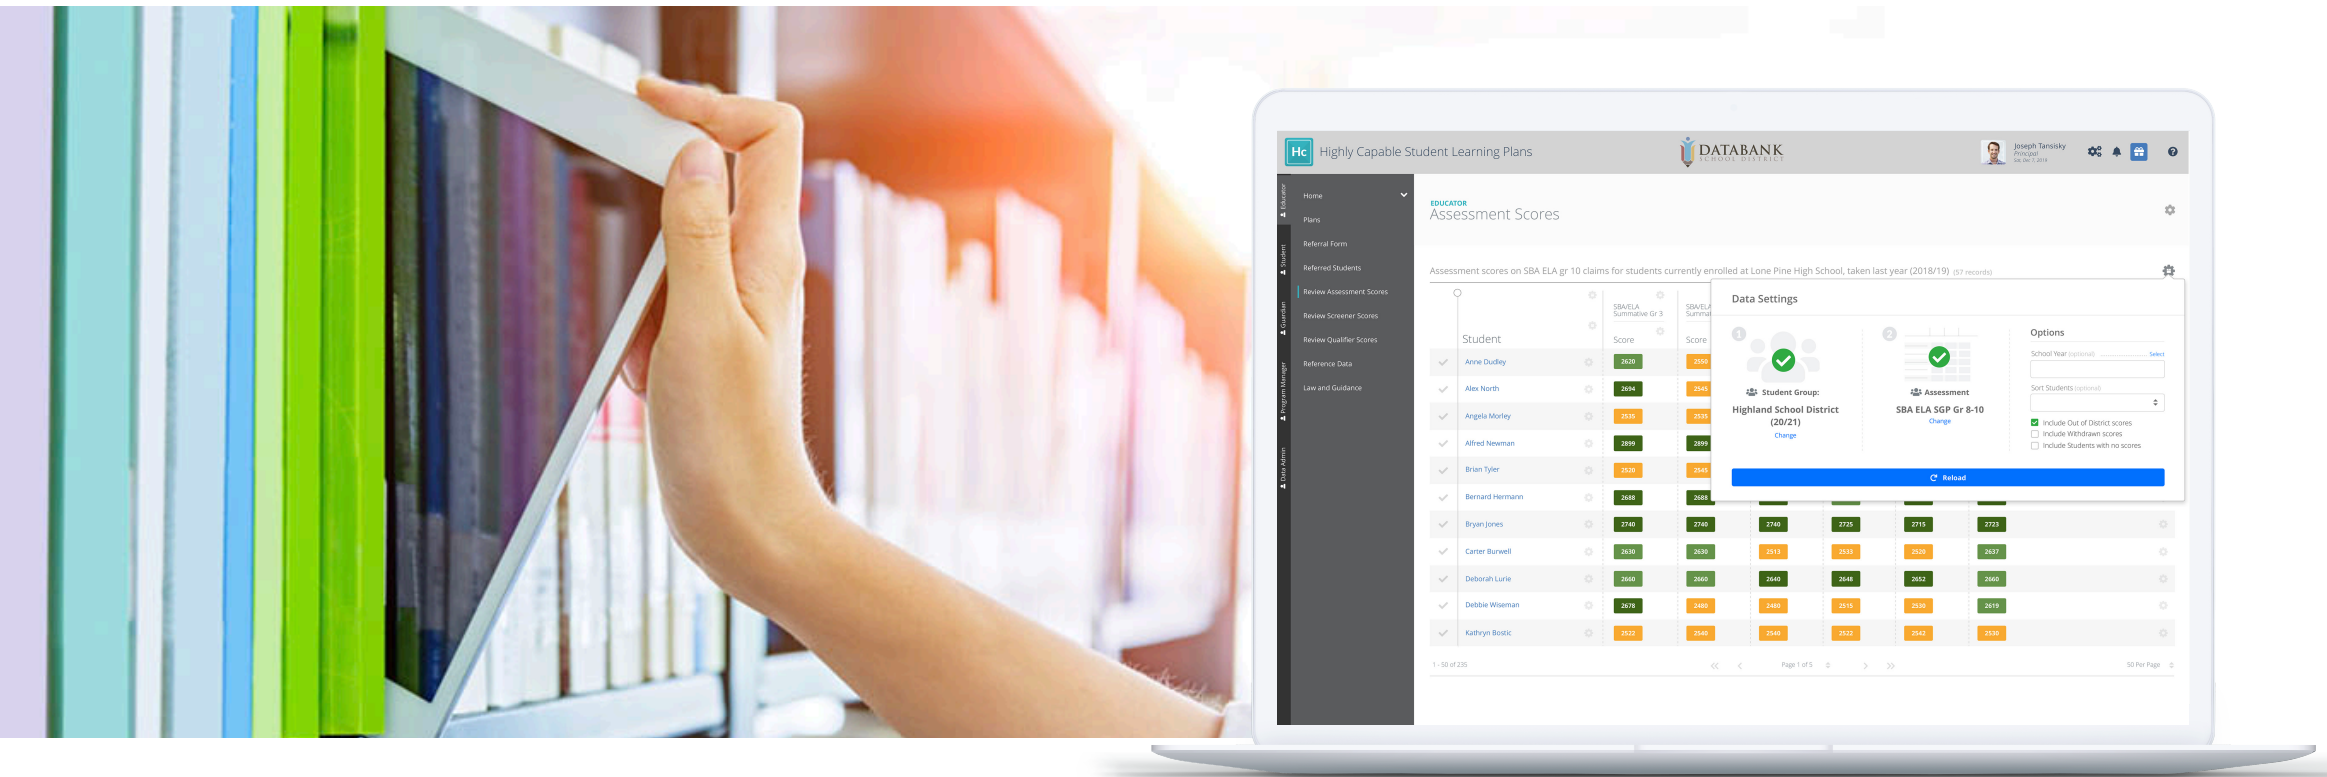

More Money = **More Requirements**

QUALITY PLUS CONVENIENCE

Pre-defined selections save users time and ensure consistent results.

- Student information is validated by data imported from your SIS.
- Selections for goals, standards, and more are defined by your district and managed by your data administrator.

REFERENCE DATA

Easy access to state law and district policies help ensure your district is always in compliance.

ROLES
WORKING TOGETHER

Multiple types of users work together in this application to complete the Student Plan lifecycle.
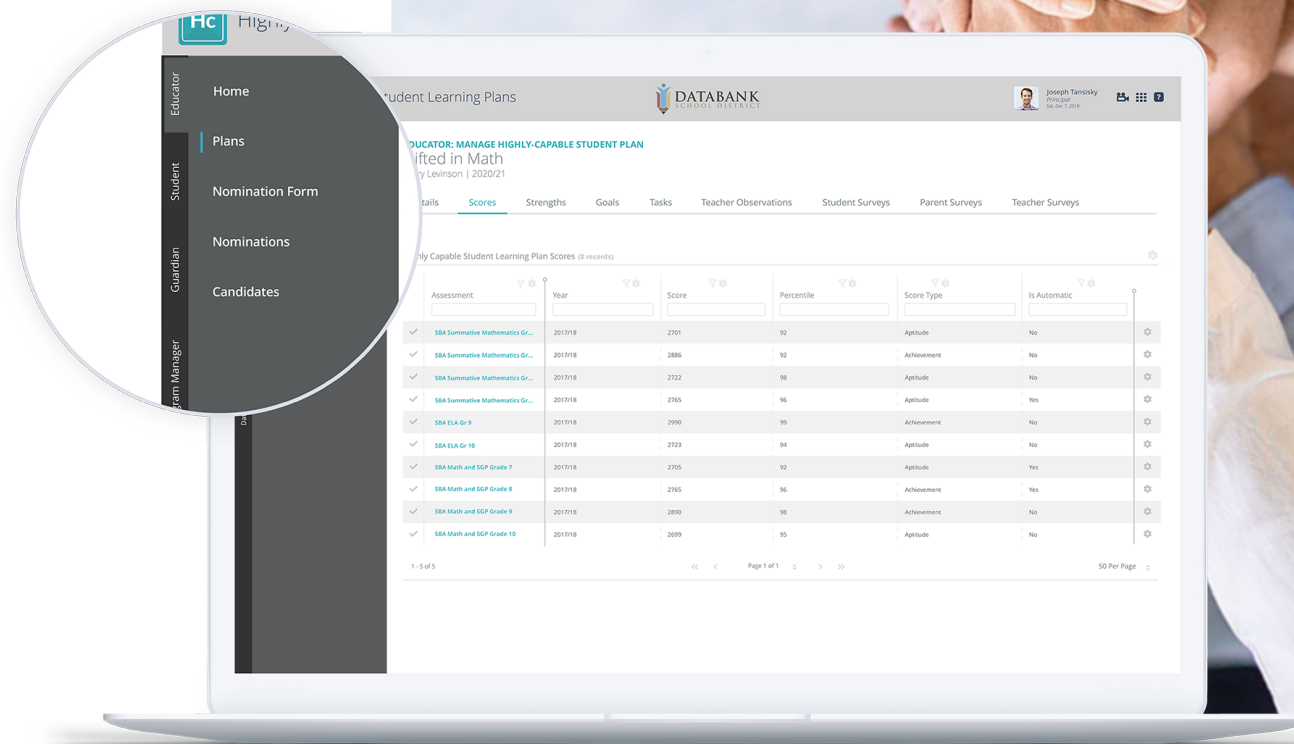

Educator

Student

Parent

Program Manager

Data Admin

EDUCATOR:
MANAGE HICAP PLANS

Each HiCap plan establishes the initial intentions for enhancing a student's education.

The plans are then editable — so they can flex as the goals change — and shareable with the student's other educators.
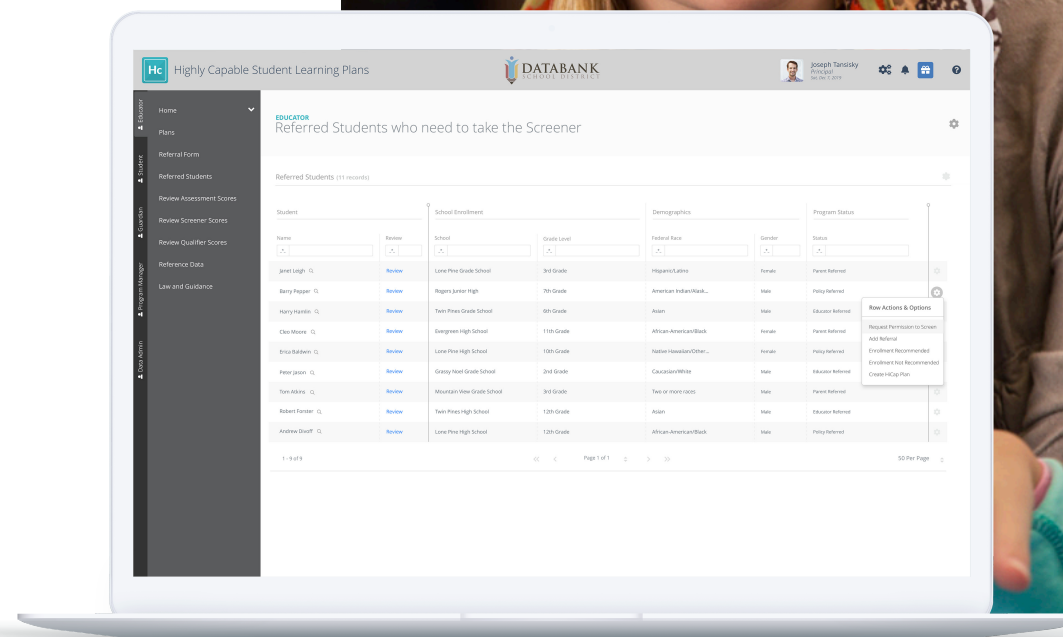

View All Plans   **Add Plan**   **Edit Plan**   **Print Plan**

EDUCATOR:
MANAGE HIGHLY CAPABLE STUDENT LEARNING PLANS

All the tools needed to create and monitor a HiCap plan are gathered in one place:

Details

Scores

Strengths

Goals

Tasks

Observations

Surveys

PHASE II FEATURES

In partnership with our current subscribers, we are preparing more advanced ways to surface eligible students and create personalized plans.

- Identifying students for referral
- Dashboard incorporating CoGat scores
- Filter students based on thresholds
- Mass assign properties, using student groups
- Mass assign plans to Twice Exceptional students
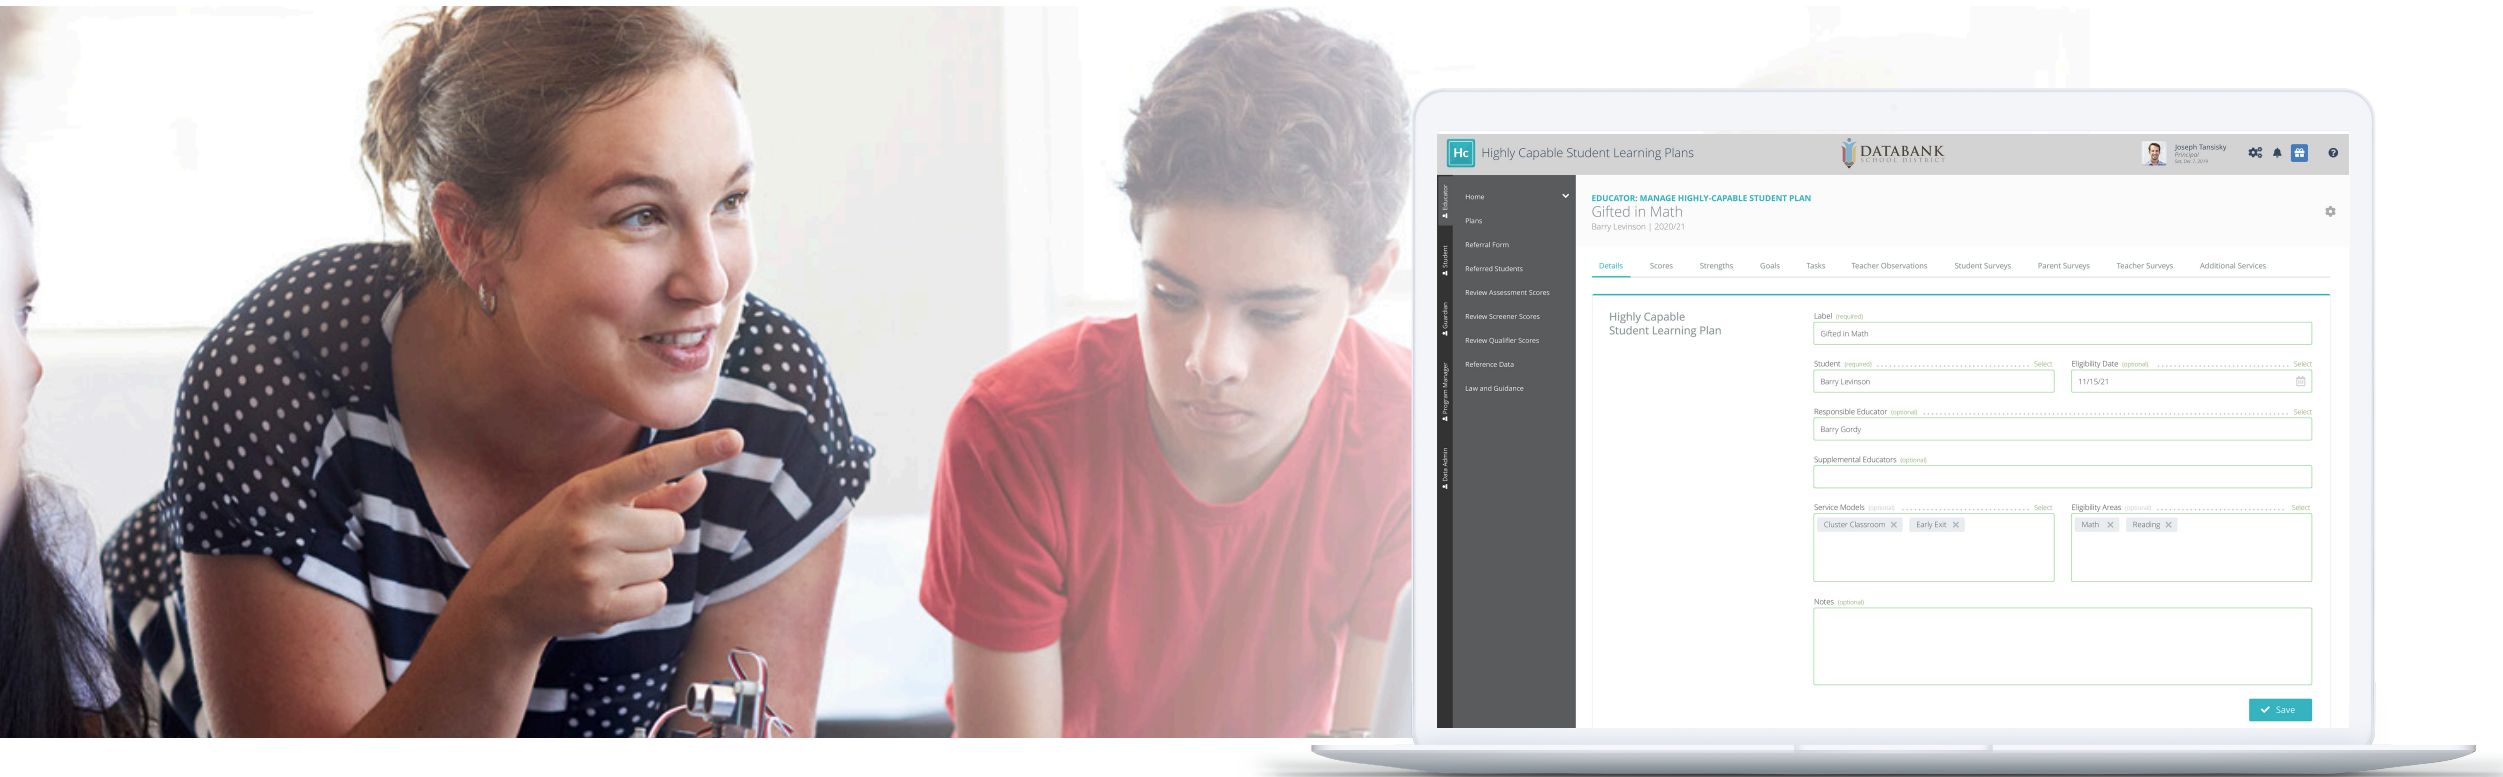

PARENT:
REFERRAL FORM

Enable parents to have a voice in the process, referring their child for Highly Capable placement.
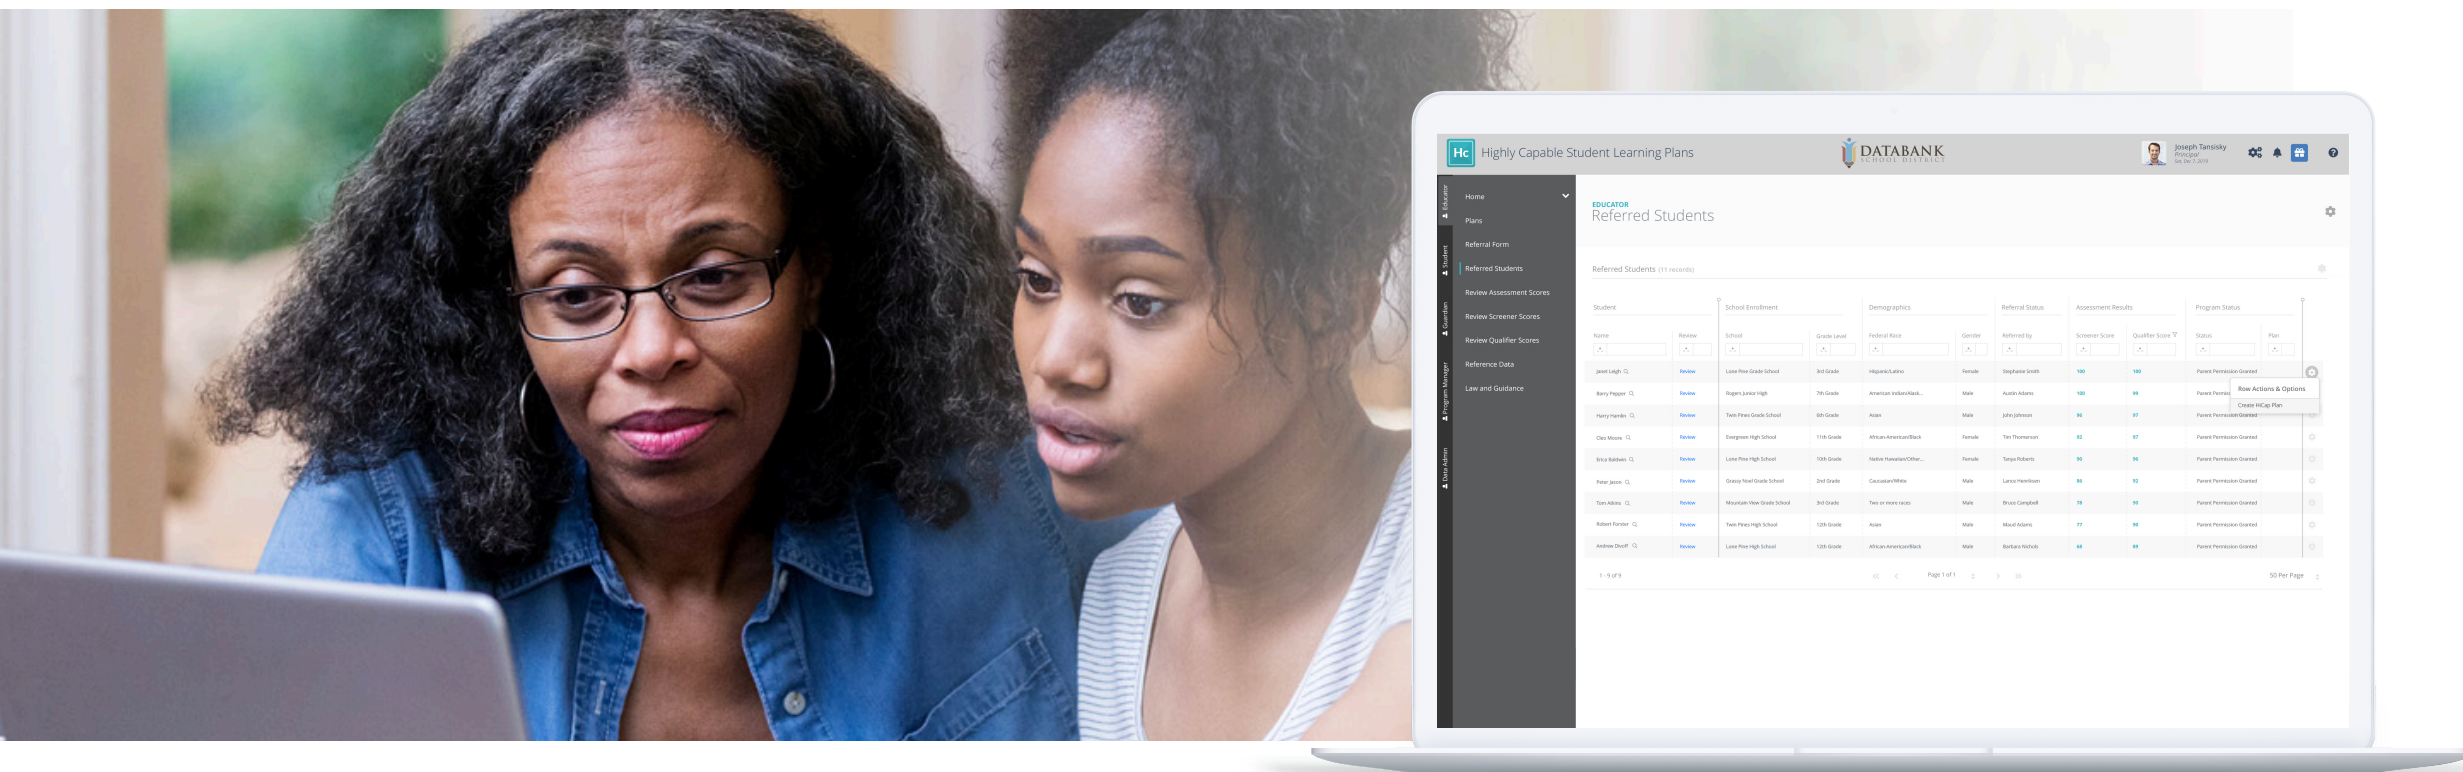

EDUCATOR:
REFERRAL FORM

Expand the team, empowering every educator to participate in HiCap. Educators across the district gain the opportunity to identify students for screening and placement.

EDUCATOR:
DATA EXPORTS

Data can be exported in multiple formats for sharing and analysis. Select from the built-in reports, or work with our developers to create a custom option.
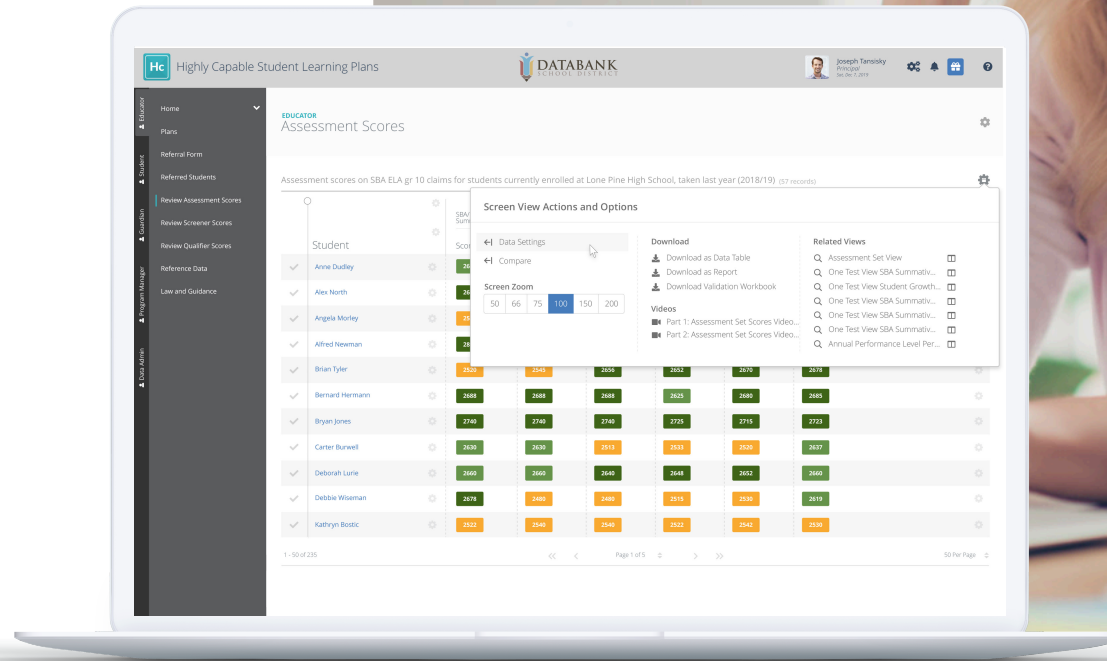

PDF report

XLS or CSV spreadsheet
